

PLAN TO SAVE THE REPUBLIC

by John Darash, October 21, 2019

INTRODUCTION (synopsis)

GOVERNMENT BY CONSENT: We the People via the Declaration of Independence established a government by the consent of the governed, ordaining and establishing via the Constitution¹ a Republican² form of Government. And, in order to prevent misconstruction or abuse of its powers, We the People added a Bill of Rights.³ We vested two houses of Congress⁴ authority to legislate law to govern the agencies of government. We vested the executive power in a President to attend to the administration of government.⁵ And, we vested judicial power in one Supreme Court and [ninety-four] Federal District Courts⁶ to judge over the agencies of government via judges and provide a venue for Law to judge over the disputes of the People via free and independent juries, untainted by government agents. The People have the unalienable right to choose candidates and preside unimpeded over our Courts of Law.

TWO POWER STRUCTURES

That allows for the consent of the governed

I: JUDICIAL POWER: In Blacks Law, history reveals that there are fifty jurisdictions created by man and one Law jurisdiction ordained by God. Of the fifty jurisdictions created by man, there was established one jurisdiction called positive law a/k/a equity. Positive law⁷ is authoritative law that finds its maximum authority through a Constitution ordained by the People entitled by God⁸ via His

¹ **Preamble:** “We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.—That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed.

² **United States Constitution Article IV Section 4:** The United States shall guarantee to every state in this union a republican form of government.

³ **Bill of Rights:** The Conventions of a number of the States, having at the time of their adopting the Constitution, expressed a desire, in order to prevent misconstruction or abuse of its powers, that further declaratory and restrictive clauses should be added: And as extending the ground of public confidence in the Government, will best ensure the beneficent ends of its institution.

⁴ **Article I Section 1:** All legislative powers herein granted shall be vested in a Congress of the United States, which shall consist of a Senate and House of Representatives.

⁵ **Article II Section 1:** The executive power shall be vested in a President of the United States of America.

⁶ **Article III Section 1:** The judicial power of the united states, shall be vested in one Supreme Court, and in such inferior courts as the Congress may from time to time ordain and establish.

⁷ **POSITIVE LAW:** (Blacks Law) Law actually and specifically enacted or adopted by proper authority for the government of an organized jural society.

⁸ **Declaration of Independence:** When in the Course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the

blessing. The United States of America was the second nation in history blessed with such a Republic, the first being the Nation of Israel around 1400BC. Of the fifty-one jurisdictions, We the People ordained two jurisdictions,⁹ one called “Law” to judge over all men inclusive, and the second called equity to arbitrate over bureaucrats’ behavior and interstate commercial traffic, exclusive.

The American Bar Association’s “de-facto Enabling Act of 1934”¹⁰ covertly passed by the ABA controlled Congress which enabled the ABA controlled United States Supreme Court and the ninety-four ABA controlled Federal District Courts to conceal and subvert all Natural Law Courts via Rule 2. Whereas, repugnant tyrant controlling “de-facto civil law” was imposed upon the People, subverting the de-jure Law of the Land and thereby controlling the Peoples’ behavior and subduing the People through “de-facto courts”¹¹ of tyrants, replacing the Peoples’ unalienable rights gifted by our Creator with “civil rights,” which *are rights appertaining to a person in virtue of his citizenship in a state or community.*¹²

The aforesaid abomination allowed for all fifty ABA controlled state courts, all ABA controlled county courts, all ABA controlled city courts, all ABA controlled town courts, and all ABA controlled village courts which have incorporated as a municipality, as did the United States Government via the “Organic Act of 1871,” in order to follow suit in concealing and subverting Natural Law Courts and the Law of the Land under the guise of municipal law, a/k/a law of the city, Roman law, Justinian law and civil law; all repugnant to the Law of the Land and in so doing provided the political stage for Corporatism.¹³ Whereas, in these courts of injustice, the People find themselves in Jurisdictions unknown, stripped of their unalienable rights, fleeced of their money and property, and jailed or institutionalized as mentally disturbed if they resist. Today, we are homeless in the Land that our founding fathers fought to secure. Natural Law has been concealed by the judiciary and thereby We the People have lost our unalienable right of consent for our courts to tyrant judges!

Thomas Jefferson wrote concerning the overreaching authority of judges: *“The germ of dissolution of our federal government is in the federal judiciary; an irresponsible body working like gravity by night and by day, gaining a little today and a little tomorrow, and advancing its noiseless step like a thief, over the field of jurisdiction, until all shall be usurped from the states.”*¹⁴ *“The Constitution is a mere thing of wax in the hands of the judiciary, which they may twist and shape into any form they please.”*¹⁵ *“The opinion which gives to the judges the right to decide what laws are constitutional, and what not,*

Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

⁹ **Article III Section 2:** The judicial power shall extend to all cases, in law and equity, arising under this Constitution, the laws of the United States.

¹⁰ **DE FACTO:** [Blacks] In fact, in deed, actually. This phrase is used to characterize an officer, a government, a past action, or a state of affairs which must be accepted for all practical purposes, but is illegal or illegitimate. In this sense it is the contrary of de jure, which means rightful, legitimate, just, or constitutional. 4 Bl.Comm. 77, 78. MacLeod v. United States, 229 U.S. 416, 33 S.Ct. 955, 57 L.Ed. 1260; Wheatley v. Consolidated Lumber Co., 167 Cal. 441, 139 P. 1057, 1059.

¹¹ **De facto court:** One established, organized, and exercising its judicial functions under authority of a statute apparently valid, though such statute may be in fact unconstitutional and may be afterwards so adjudged; or a court established and acting under the authority of a de facto government. 1 Bl. Judgm. § 173; In re Manning, 139 U.S. 504, 11 S.Ct. 624, 35 L.Ed. 264; Gildemeister V. Lindsay, 212 Mich. 299, 180 N.W. 633, 635.

¹³ **CORPORATISM [Webster]** the organization of a society into industrial and professional corporations serving as organs of political representation and exercising control over persons and activities within their jurisdiction

not only for themselves in their own sphere of action, but for the legislature and executive also, in their spheres, would make the judiciary a despotic branch.”¹⁶ To consider the judges as the ultimate arbiters of all constitutional questions is a very dangerous doctrine indeed, and one which would place us under the despotism of an oligarchy. Our judges are as honest as other men and not more so and their power (is) the more dangerous, as they are in office for life and not responsible, as the other functionaries are, to the elective control. The Constitution has erected no such single tribunal, knowing that to whatever hands confided, with corruptions of time and party, its members would become despots.”¹⁷ And so they have!

II: POLITICAL POWER: Committees of Safety played the ultimate role in the transformation from English controlled colonies into a Republican form of representative government under self-rule and not the centuries old dictates of hereditary despots. The peasants of colonial America went from slaves of the English King, to king of their own castle within one generation via the Committees of Safety. All of our founding fathers were members of the Committees of Safety and by mid-year of 1776 the formal Declaration of Independence was drafted and making its way through the colonies for signatures and ratification, passing into law thus initiating the America experiment with a Republican form of government.

The Pre-United States Constitutional body politic by the People for the era of 1760–1789 was organized through the Committees of Safety. All thirteen colonies formed Provincial level Committees in order to represent their local interests. In 1774, the various Committees of Safety called for the First Continental Congress. Delegates to that Congress went from town, to county, to Provincial level Committees, before being selected to go to Philadelphia. In Western Massachusetts, Committees of Safety forced the resignations of judges appointed under the Massachusetts Government Act (1774).

Some Committees, such as the one in Worcester County, threatened to declare independence from British rule unless the Massachusetts government restored its original charter (1774). On April 12, 1775 (just one week before the Battle of Lexington/Concord), John Hancock, President of the Massachusetts Provincial Congress (later, the Massachusetts Provincial Committee of Safety) requested that all counties, towns and districts form Committees of Safety. On April 29, 1775 Jos. Warren, Chairman of the Committee of Safety in Cambridge, wrote: “*This may certify that the bearer, Mr. Paul Revere is messenger to the Committee of Safety and that all dispatch and assistance be given him in Instances that the business of the Colony may be facilitated.*”

In 1789 with the signing of the Constitution and the election of George Washington as our first President, the Committee of Safety morphed into the Committeeman and thereby provided one of two ways that We the People can have government by consent, the “Elected Committeeman.” The duties of the “Elected Committeemen” are to be the guardians of our Liberty, they require that candidates know the Constitution, they interview candidates for the primary ballot, they can prevent unconstitutional legislation and have the power to recall politicians in bad behavior, and they guard over the Election by witnessing the hand counting of the votes.

¹⁶ September 11, 1804, Thomas Jefferson wrote to Abigail Adams.

¹⁷ September 28, 1820, Thomas Jefferson in a letter to William Jarvis.

The question today is why do our elections draw so many criminals whose only concern is to enrich and empower themselves? And, how do they get on the ballot? The answer was foretold by George Washington in his fair well address speaking of political parties where he said: *“They have obstructed the execution of the laws, [via politics] using combinations and associations [political parties] under whatever plausible character with the real design to direct, control, counteract, or awe the regular deliberation and action of the constituted authorities, are destructive of this fundamental principle and of fatal tendency. They serve to organize faction; to give it an artificial and extraordinary force; to put in the place of the delegated will of the nation the will of a party, often a small but artful and enterprising minority of the community; and, according to the alternate triumphs of different parties, to make the public administration the mirror of the ill concerted and incongruous projects of faction, rather than the organ of consistent and wholesome plans digested by common councils (Committeemen) and modified by mutual interests.”*

“However combinations or associations of the above description (political parties) may now and then answer popular ends, they are likely, in the course of time and things, to become potent engines by which cunning, ambitious, and unprincipled men will be enabled to subvert the power of the people and to usurp for themselves the reins of government, [party bosses] destroying afterwards the very engines [elected committeemen process] which have lifted them to unjust dominion.”

Sometime after 1910, cunning, ambitious, and unprincipled men organized by enemies foreign and domestic devised a plan to seize control of both political parties turning them into political associations (parties) and thereby creating a left –vs– right political spectrum claiming one side will bring us communism and the other fascism convincing us that we need to find a place in the middle ground. But the truth of the matter is that communism and fascism are just different sides of the same coin and the end result is corporatism which by definition is the organization of a society by large interest groups into industrial and professional corporations [municipalities] serving as organs of political representation and exercising control over persons and activities via statutes and codes within their jurisdiction; in short, “slavery.”

The following political spectrum is truthful.

REPUBLICAN FORM OF GOVERNMENT UNDER LAW AND EQUITY

Article III Section 2: *The judicial power shall extend to all cases, in law and equity.*

The remedy of Lawlessness is Natural Law!

EQUITY TO RULE GOVERNMENT AND THE LAWS OF NATURES GOD TO RULE THE PEOPLE.

Article IV Section 4: *The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion.*

Article VI Clause 2: *This Constitution, and the laws of the United States which shall be made in pursuance thereof; and all treaties made, or which shall be made, under the authority of the United States, shall be the supreme law of the land; and the judges in every state shall be bound thereby, anything in the Constitution or laws of any State to the contrary notwithstanding.*

Using New York as an example, exactly as President George Washington warned “cunning, ambitious, and unprincipled men” (party bosses) enabled by the perversion of election law, subverted the power of the people and “usurped to themselves the reins of government” and “destroyed the very engines which have lifted them [the usurpers] to unjust dominion.” Our research has revealed that legislative removal of the George Washington clause §21 of the 1909 New York election law prevented organizations or associations controlled by party bosses from being deemed a political party.

§21 “*No organization or association of citizens for the election of city officers shall be deemed a political party within the meaning of this article.*”

New York legislators then inserted Article 2 into the 1911 election law which provided deceptive language necessary to create the strong impression of an elected “town” committeeman under §6–108. In order to implement the “town” committeeman, legislators worked covertly in collusion with the various New York boards of election and operatives in both political parties. Only a few individuals were actually necessary to plan and orchestrate the plot to subvert the voters’ constitutional right to choose their governing body.¹⁸ In the process was created the private political “associations” that today we call the Republican and Democratic parties and this fraud is true in all fifty states, there are NO elected committeemen.

Title: “Member of the County Committee” a private association membership, nominated at the primary and appointed by party bosses, not elected.

NY Election Law §6–108 “members of the county committee” from a town ..., shall be nominated at a primary election ...

This was a direct assault upon our Republic that set the stage for the perversion of the office designed to be closest to the will of the people, the “committeeman.” These actions that were under the control of a few people maneuvered the direction of our country and, thereby subverted our Constitution. Because language for the election of the long forgotten true committeemen fortunately continues in the present election law at Section 6–118, and the rights of the people are secured by nature’s God reflected in common law, a resurrection of the true committeeman, fully cognizant of his/her powers and their immunity from positive law and the control of party bosses, is possible and most desirable for the preservation of our Republic.

TITLE: “Committeeman” is an elected party position, nominated by designating petition, elected at the primary.

NY Election Law §6–118: *The nomination of a candidate for election to a party position to be elected at a primary election shall be by designating petition:*

TITLE: “Member of the County Committee” are not elected, they are appointed by party bosses, the people have no consentors, we have been robbed! The NY Supreme Court ruling agrees with this conclusion.

¹⁸ **Amendment XV Section 1:** The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any State ...

Francisco v. Borden: “County Committee had duly authorized the creation of such a town party committee or had conferred rule-making powers upon it. **The creation of a town party committee, its powers, authority and procedures are solely the province of a county committee.**”

Bell v. Kirwan: “The Executive Committeemen [party bosses, state committee member] **have no vested constitutional or statutory right to office.** Their claim to serve as members of the Executive Committee must rest upon the Rules of the party since the **Executive Committee in common with all standing committees was created by and exists pursuant to the Rules of the Party.** The creation, selection and grouping of committeemen from the town or city legislative districts, whether they are county committeemen or city or town committeemen is a matter solely within the power and province of the county committee.”

Bauman v. Fusco: “It is not disputed that **the Executive Committee** exists by virtue of the rules of the County Committee and **is not a creation of the Election Law.**”

Sometime between 1911 and the present, the plan was slowly executed that phased in the town committeemen and phased out nearly all traces of the elected committeemen. While the people were distracted by two world wars, two depressions, scores of conflicts and economic distress, the sleight-of-hand overhaul of statutory wording took place. Today there appears little memory remaining of the true committeeman, and people spellbound by illusions and party favors, do not see how they contribute to a party form that is ultimately communistic and sets the stage for tyrannical government.

The George Washington clause, §21 of the 1909 election law, was “the gate keeper” that protected the committeeman process. Said clause served a free people by making conscious in their minds the warning of the first President. Its principle is self-evident and its absence does not alter the right of the people to govern themselves through the choosing of their representatives. Clearly the self-anointed, “private political associations” filling vacancies today with corrupt candidates, does not represent the will of the people, but merely the will of corrupt party bosses who do not have the people’s best interests in mind, and the end result is the total annihilation of our Republic.

The present fundamental representative system is on auto pilot the lights are on, but nobody’s home. The deceptive legislation, namely election law Article 2, included provision for the oscillation of party dictatorship power by moving the selection of some positions from even to odd years in some counties, which provided for a constant control of the power structure by the party bosses at the state level and also provided for filtering in bosses from the national scene.

The process was set in motion some time ago, the guilty people are long since gone, and the record of who is responsible is likely untraceable. Although there is plenty of blame to go around to all the corrupt players of the system, most are probably untouchable because for past activities they can refer to election law Article 2. Notwithstanding, our purpose is not to seek indictments, but rather to see a return to real voter solvency and its’ natural result – freedom and liberty!

Both the Constitution for New York and the United States of America which are clearly being violated, state that the voting rights of the people shall not be abridged, nor disenfranchised or deprived of the right to elect representatives in the party of their choice, that is, in the primary elections, where each political party selects its face-off candidates for the general election.

The 1909 Election Law had clearly defined the duties of the committeemen as these: (1) to fill vacancies for the primary election and, (2) to organize, conduct and preside over the primary election and party convention. But in 1911, the election law was completely restructured and Section 4, Section 45 and Section 21 were removed and Article 2 was added, which provided for rules leading to the creation of sub-committees and the town committeeman. Nevertheless, the removal of those sections of the statute has only served to conceal the process from a free people, but was unable to tear down the natural rights of the people in the election process, the Law still provides for the elected committeeman.

The pretentious transfer of committeemen authority on that dark day long ago, away from the elected committeeman to the “town” committeeman took place after a committee membership quorum was met. The initiation of the sub-committees and their related rules was accomplished using the true elected committeemen, without whose presence the new subversive creation would have been impossible to pass through the popular mind. These sub-committees, not being elected by the people, can only hold their positions and serve at the pleasure of the true elected committeeman. The transfer of committeeman authority from the elected committeeman to the town committeeman took place after a committee quorum was met. The initiation of the sub-committees and their rules were by the elected committeeman which gave the appearance of a proper authority. Therefore, the sub-committees not being elected by the people serve at the pleasure of todays unelected state committees.

CONCLUSION: Exactly what was on the mind of the legislators that authored certain parts of Article 2 is unclear, but anything beyond menial assistance to the true elected committeemen would be beyond the authority of any statute or code, since we are a free people under common law authored by Nature’s God. What is clear is that Article 2 has been expanded far beyond what is constitutionally possible. Without question, unelected persons who do not answer to the people simply do not have authority to choose candidates to fill vacancies for public office. Nor did the true committeemen of the past have the authority to pass to private associations the duties of committeemen today. We need to Jump Start the Law to “Take Back the Republic” by bringing back the “Elected Committeeman,” thereby, returning power back to the People.

- Any committeeman appointed by a committee chairman is not elected, but is nominated by the chairman and elected by the state committee at a private association meeting.
- Any committeeman filing a designating petition with the title “Member of the County Committee” or any other title other than “Committeeman” is not an elected Committeeman.
- Any committeeman elected at a caucus is not an elected Committeeman.
- Any committeeman who did not walk a designating petition in the election district they are running and file it with the Board of Election in their county is not an elected Committeeman.
- Any errors detailing the election district in the designating petition voids the petition.
- Committeemen **Must be elected by the People within the election district** they ran in.

GOVERNMENT, POLITICS & THE POLITICAL PROCESS

Article IV Section 4: *The United States shall guarantee to every state in this union a republican form of government.*

This dissertation is about restoring a republican form of government by the consent of the People and not career politicians. This paper does not favor one party over another, we need to get over ourselves for the interests of the Republic being one nation under God indivisible with liberty and justice for all, and face the following facts so that we can mature into the Republic that we were meant to be.

A process is a particular course of action intended to achieve a result, any action that intercepts that process alters it and thereby destroys that process. Likewise, We the People, via a “Constitution,” ordained a political process whereas the politics of private political and judicial associations serves only the destruction of that process. Herein we will make the case that our founding documents provide for a government by consent of the governed; not by political and judicial tyrants.

TWO DIVERSE FORMS OF GOVERNMENT

DEMOCRACY is that form of government in which the sovereign power resides in and is exercised by the whole body of free citizens, as distinguished from a monarchy, aristocracy, or oligarchy. According to the theory of a pure democracy, every citizen should participate directly in the business of governing, and the legislative assembly should comprise the whole people. But the ultimate lodgment of the sovereignty being the distinguishing feature, the introduction of the representative system does not remove a government from this type. However, a government of the latter kind is sometimes specifically described as a “representative democracy.” Thomas Jefferson said: “*A Democracy is nothing more than “mob rule,” where fifty-one present of the People may take away the rights of the other forty-nine.*”

“Democracy is two wolves and a lamb voting on what to have for lunch. Liberty is a well-armed lamb contesting the vote.”
Benjamin Franklin, 1759

In 1792 supporters of Thomas Jefferson began using the name Republicans, or Jeffersonian Republicans, to emphasize its anti-aristocratic policies. The Democratic Party adopted its present name during the Presidency of Andrew Jackson in the 1830’s as one of the two major contemporary political parties in the United States, along with its rival, the Republican Party. The modern-day Democratic Party¹⁹ was founded around 1828 by supporters of Andrew Jackson, making it the world's oldest active political party.

In its early years, the Party supported limited government, state sovereignty and opposed banks and the abolition of slavery. Since Franklin D. Roosevelt and his New Deal coalition in the 1930s, the Democratic Party has promoted a social liberal platform. Well into the 20th century, the party had conservative pro-business and Southern conservative-populist wings. Following the New Deal, the conservative wing of the party largely withered outside the South. The New Deal Coalition of 1932–1964 attracted strong support from voters of recent European extraction—many of whom were

Catholics based in the cities. After the Civil Rights Act of 1964 and the Voting Rights Act of 1965, the core bases of the two parties shifted, with the Southern states becoming more reliably Republican in presidential politics and the Northeastern states becoming more reliably Democratic. The once-powerful labor union element became smaller and less supportive after the 1970s. White evangelicals and Southerners have become heavily Republican at the state and local levels since the 1990s. People living in urban areas, women, college graduates, sexual and gender minorities, millennials, and black, Latino, Jewish, and Asian Americans tend to support the Democratic Party.

The Democratic Party's philosophy of modern liberalism advocates social and economic equality, along with the welfare state. It seeks to provide government regulation in the economy. Policies such as environmental protection, support for organized labor and labor unions, the introduction of social programs, affordable college tuition, universal health care, equal opportunity, and consumer protection form the core of the party's economic policy. On social issues, it advocates campaign finance reform, Lesbian, gay, bisexual, and transgender rights, police and immigration reform, stricter gun laws, and the legalization of marijuana.

There have been 15 Democrats who have served as president of the United States. The first was Andrew Jackson, who was the seventh president and served from 1829 to 1837. The most recent was Barack Obama, who was the 44th and held office from 2009 to 2017. As of 2019, the Democrats hold a majority in the House of Representatives, 14 state government *trifectas* (*governorship and both legislative chambers*), the mayoralty of numerous major American cities, and 18 total state legislatures. Four of the nine sitting justices of the Supreme Court had been appointed by Democratic presidents.

A REPUBLICAN GOVERNMENT *is one in which the powers of sovereignty are vested in the people and are exercised by the people, either directly [via the Committeemen and the Grand and Petit Juries], or through representatives chosen by the people, to whom those powers are specially delegated [via the Constitution for the United States of America].*²⁰

The Republican Party²¹ also referred to as the GOP ('Grand old party'), is one of the world's oldest extant political parties. It is the second-oldest existing political party in the United States; its chief rival, the Democratic Party, is the oldest.

The Republican Party emerged in 1854 to combat the Kansas–Nebraska Act and the expansion of slavery into American territories. The early Republican Party consisted of African–Americans, northern white Protestants, businessmen, professionals, factory workers, and farmers. The GOP was pro–business, and it supported banks, the gold standard, railroads and high tariffs; the party opposed the expansion of slavery. At its inception, the Republican Party had almost no presence in the Southern United States; by 1858, however it had enlisted former Whigs and former Free Soil Democrats to form majorities in nearly every Northern state.

With the election of Abraham Lincoln (the first Republican President) in 1860, the Party's success in guiding the Union to victory in the American Civil War, and the Party's role in the abolition of slavery,

the Republican Party largely dominated the national political scene until 1932. In 1912, Theodore Roosevelt formed the Progressive (“Bull Moose”) Party after being rejected by the GOP and ran unsuccessfully as a third-party presidential candidate calling for social reforms. After 1912, many Roosevelt supporters left the Party, and the Party underwent an ideological shift to the right.[1] The GOP lost its congressional majorities during the Great Depression (1929–1940); under President Franklin D. Roosevelt, the Democrats formed a winning New Deal coalition that was dominant from 1932 through 1964.

After the Civil Rights Act of 1964 and the Voting Rights Act of 1965, the party's core base shifted, with the Southern states becoming more reliably Republican in presidential politics and the Northeastern states becoming more reliably Democratic. White voters increasingly identified with the Republican Party after the 1960s. Following the Supreme Court's 1973 decision in *Roe v. Wade*, the Republican Party opposed abortion in its party platform and grew its support among evangelicals. The Republican Party won five of the six presidential elections from 1968 to 1988. Two-term President Ronald Reagan, who held office from 1981 to 1989, was a transformative party leader whose conservative policies called for reduced government spending and regulation, lower taxes and a strong anti-Soviet Union foreign policy. Reagan's influence upon the party persisted into the next century.

Since the 1990s, the Party's support has chiefly come from the South, the Great Plains, the Mountain States and rural areas in the North. The 21st century Republican Party ideology is American conservatism. The GOP supports lower taxes, free market capitalism, a strong national defense, gun rights, deregulation and restrictions on labor unions; it opposes abortion rights. In addition to advocating for conservative economic policies, the Republican Party is socially conservative. There have been 19 Republican presidents, the most from any one political party. The most recent, Donald Trump, was elected President in 2016.

CONCLUSION: As George Washington stated above, “private political party associations” are designed to direct, control, and counteract the regular deliberation and action of the constituted authorities. They obstruct the execution of our laws destroying our fundamental constitutional principles. They overthrow the power of the people and thereby seized for themselves the reins of government, creating a fake extraordinary force to advance their anti-constitutional schemes in the place of the delegated will of the nation. Both political associations are controlled behind the scene by a few cunning, ambitious, and unprincipled men who are advancing their own special interests by orchestrating mob rule, via their polly-babble designed to sidetrack and

TREASON

demoralize the People as it **destroys the “Law of the Land”** under the **guise of democracy** in order to **advance corporatism**.

As we compare the aforesaid different party positions, it becomes clear that it’s orchestrated. The party bosses and bar attorneys, a/k/a minions of the New World Order, have been playing the people against each other for decades, “right against the left,” “black against white” in order to keep them distracted as both parties work covertly to reshape America to corporatism. Replacing our “blessings of liberty” with “state civil rights,” our “Natural Law” with “civil law,” our “Republic” with

“Democracy,” and our “money with debt,” as they convince the populous that the ideal political place is at the center of a self-serving fictional bar between communism and fascism, as the pendulum swings from right to left each party making subtle premeditated changes in our form of government upon each swing, until the People can no longer remember their American Heritage, this is called treason.

POLITICAL POSITIONS, it’s not that some of these ideas are not good, it’s just that government has no constitutional authority to provide for many of them, such as creating or supporting banks, regulating the economy, giving special rights to Lesbian, gay, bisexual, and transgender people who have all the unalienable rights that anyone else has. Additionally, government has no authority to give “civil rights.” Other party positions already have constitutional solutions such as limited government, state sovereignty, direct tax, right to military grade guns and handguns, etc.

As for “Universal Health Care,” the government has no authority to facilitate and force People into a universal health care. We can probably make an argument under the Government’s duty to promote the general welfare (safety) of the People, see Preamble to the Constitution, to assist the poor and disabled with healthcare. But the combination of a free market, real money, and the removal of the unconstitutional property tax and the Fed would create an inflation-free economic environment that would provide for affordable health care. Case in point: annual health care cost per person in 2017 was \$10,739 whereas the cost per person in 1960 was just \$146. That’s only \$12 per month per person which was affordable by most people in the 60’s.

All these problems exist because our elected servants are just as ignorant of the Constitution for the United States as the majority of People are. Government is not our parent and if we allow government to decide what’s good or bad for us, we forfeit our Liberty to government. We already possess liberty to control our own behavior without government interference. We need only to exercise our liberty, but only an educated and informed People can put an end to these tyrants by simply taking back control of these political parties through elected committeemen and binding our elected servants down from mischief by the chains of the Constitution.

Once the cognizant elected committeemen are resurrected in America, we can bring Law and sanity back to our political process and have government by consent of the People again and not by private associations. The political parties belong to the People and once the People take back the control of

these parties via the elected Committeemen, the private corporate party associations will be forced to identify themselves as anything but the Republican or Democratic Parties and lose their spellbinding influence because the political narrative will return to the People, where it belongs, and the narrative will be the Constitution where our political conversations belong and not the destructive divisive schemes of these lawless men. A free and independent People would agree with Thomas Jefferson

when he said: *“I would rather be exposed to the inconveniences attending too much liberty than those attending too small a degree of it.”*

HOW FAR OFF “CONSTITUTIONAL COURSE” ARE WE?

The United States Supreme Court assisted by Congress in 1938 via the “Enabling Act of 1934 covertly stole our Liberty. Our Constitution has been ruled Null and Void by the U.S. Supreme Court and every village court, town court, county court, state court, federal district court, and the United States Supreme Court are “civil law courts operating in jurisdictions unknown.” Every one of these judges and clerks that took an oath is committing “HIGH TREASON!”

In the past ten years NLA has been involved in literally 100’s of cases and has not found justice anywhere. Everything we have been taught the past 50 years or so is FAKE just like the “FAKE NEWS.”

- **FAKE MONEY** Our money is debt and not real in violation of Article I Section 10.²²
- **FAKE GOVERNMENT** – Our government is fake claiming we are a democracy in violation of Article IV Section. 4²³
- **FAKE COURTS** – Our courts operate under “civil law” in jurisdictions unknown and not We the Peoples’ ordained and established jurisdiction being “law and equity” in violation of Article III Section 2.²⁴
- **FAKE LAW** – they tell us that Common Law has been abrogated,²⁵ according to the Federal Judicial Center,²⁶ a government agency, on September 16, 1938, pursuant to its fictional authority under the repugnant “Rules Enabling Act of 1934,” “*the Supreme Court enacted uniform rules of procedure for the federal courts. Under the new rules, suits in equity and suits at common law were grouped together under the term “civil action,”*” an Act of Treason!
- **FAKE RIGHTS** – They tell us that we have civil rights when in fact we have unalienable rights,²⁷ civil rights,²⁸ more properly called “municipal” law, placing the People subject to the state when in fact the state is subject to the People.

²² **Article I Section 10:** *No state shall make anything but gold and silver coin a tender in payment of debts;* sedition

²³ **Article IV Section 4:** *The United States shall guarantee to every state in this union a Republican Form of government,*

²⁴ **Article III Section 2:** *The judicial power shall extend to all cases, in law and equity, arising under this Constitution.*

²⁵ **Article VI Clause 2:** *This Constitution, and the laws of the United States which shall be made in pursuance thereof; and all treaties made, or which shall be made, under the authority of the United States, shall be the supreme law of the land; and the judges in every state shall be bound thereby, anything in the Constitution or laws of any State to the contrary notwithstanding.*

²⁶ **The Federal Judicial Center** is the research and education agency of the judicial branch of the United States Government. The Center supports the efficient, effective administration of justice and judicial independence. Its status as a separate agency within the judicial branch, its specific missions, and its specialized expertise enable it to pursue and encourage critical and careful examination of ways to improve judicial administration. The Center has no policy-making or enforcement authority; its role is to provide accurate, objective information and education and to encourage thorough and candid analysis of policies, practices, and procedures. <https://www.fjc.gov/history/timeline/federal-rules-civil-procedure-merge-equity-and-common-law>

²⁷ **Declaration of Independence:** We hold these truths to be self-evident, that they are endowed by their Creator with certain unalienable Rights that among these are Life, Liberty and the pursuit of Happiness.

²⁸ **CIVIL LAW:** “Civil Law,” “Roman Law” and “Roman Civil Law” are convertible phrases, meaning the same system of jurisprudence. That rule of action which every particular nation, commonwealth, or city has established peculiarly for itself; more properly called “municipal” law, to distinguish it from the “law of nature,” and from international law. See Bowyer, *Mod. Civil Law*, 19; *Sevier v. Riley*, 189. Cal. 170, 244 P. 323, 325.

All of the aforesaid destructive acts, along with many more were possible because the federal government that centralized our education has removed civics, constitutional studies, and true American history from our curriculum, replacing it with an out-come based socialist education.

NLA ORGANIZATION

National Liberty Alliance was founded in May 2013. The purpose of NLA is to provide an on line National Venue where the People can organize, communicate, and learn the “science of government by consent” to Restore our Republic. As the swamp is drained and power removed from the deep-state, a vacuum will occur and if We the People do not educate ourselves and fill these positions of power, our servants will, and it will only be a matter of time before we find ourselves back under tyranny again.

All positions listed below such as Director, Coordinators, Organizers and Committees have been created in order to build a National Liberty Alliance with a mission to restore the Republic.

Existing NLA Leadership Structure

- 2 Founding Members
- 1 National Director
- 9 National Coordinators
- 111 Federal District Leaders
- 90 State Coordinators
- 1432 County Organizers
- 1112 Grand Jury Administrators
- 7900 NLA Members

NLA’s mission is to empower the People on the grassroots level in order to have Government by Consent again, thereby taking back our judicial and political processes, resurrecting the elected Committeeman in every state, and building Jury Administrations composed of five People in each county; these positions are paid career positions. The duty of these administrations is to orientate, counsel, assist in the writing of indictments/informations, assure untainted petti/grand juries and be the investigative body for the Grand Jury.

In order for We the People to have “Government by Consent,” the People must have a proper education to take back control of both our Judicial and Political Process. Our Founding Fathers did not leave us without remedy. National Liberty Alliance is already assembling and educating Thousands of People across America for that purpose. Thomas Jefferson said: *“If a nation expects to be ignorant and free in a state of civilization, it expects what never was and never will be.... An enlightened citizenry is indispensable for the proper functioning of a republic. Self-government is not possible unless the citizens are educated sufficiently to enable them to exercise oversight. It is therefore imperative that the nation see to it that a suitable education be provided for all its citizens.... Educate and inform the whole mass of the people... They are the only sure reliance for the preservation of our liberty.”*

PROPER EDUCATION

“An educated citizenry is a vital requisite for our survival as a free people.” – Thomas Jefferson

”If a People expect to be ignorant and free, they expect what never was and never will be.” – Thomas Jefferson. In order to be a Free and Independent self-governing People, the People must be properly and sufficiently educated without which there can be no Liberty.

We have lost our courts and liberties because we became ignorant of our Heritage and complacent. It is therefore the responsibility of the People to educate themselves and, take back our Republic or give up their courts and liberty to socialism. NLA offers a free course in civics which is a study of our unalienable rights and duties of citizenship. NLA provides a proper education that includes the following curriculum through courses, lectures, classes and essays that we should have been taught in grammar and high school.

NLA is working on a textbook and a plan to return a classical education for our children to our schools which will teach children how to think and not what to think. Once We the People take back control of our courts under Natural Law, NLA will lead a nationwide campaign to provide such a suitable curriculum for grammar and high schools.

OPEN FORUM: NLA holds weekly discourses, updates, and an Open Forum hosted by NLA’s founders and National Leadership every Monday night from 9PM EST to Midnight. People are invited to call in and offer their comments and ask questions. To join us every Monday go to > <https://www.nationallibertyalliance.org/mondaycall>

ONLY THE PEOPLE CAN SAVE THE REPUBLIC

National Liberty Alliance provides the only peaceful and lawful solution to save our Republic and it will require a grassroots “commitment” of about 15,000 People to take it back. *“We in America do not have government by the majority. We have government by the majority who participate.”* – Thomas Jefferson

Both the Republican and Democratic Associations (private corporate parties) and the American Bar Association (private corporation) have been covertly nibbling away at our founding documents since 1776. With President Trump and the Patriots working from the top down to defeat the Deep State, the People at the grassroots must bring the bottom up.

Draining the swamp and removing the Deep State will create a power vacuum in our courts and our political process that must be filled by We the People in order to bring back government by consent.³³ If the People fail to take back their rightful heritage of self-rule by “controlling our courts of law via free and independent juries and political process” via elected committeemen we will lose our Republic and remain a democracy, which is mob rule, the mob being out of control lawless bureaucrat tyrants. Thomas Jefferson said: *“The two enemies of the people are criminals and government, so let us tie the second down with the chains of the Constitution so the second will not become the legalized version of the first.”* Presently the Deep State still has a stronghold of the two power structures that controls the political and judicial narrative and until the People tie it down with the chains of the Constitution America will continue to be under “mob rule.”

A prerequisite by the People who will take up the 15,000 positions to take back our Republic is a proper education. NLA is presently providing that education in two courses, previously discussed, the “Civics Course” and “Government by Consent Course,” and our weekly discourses, updates, and open forums. NLA will also provide the following pocket handbooks; (1) Jurist Administrators Pocket Handbook, (2) Jurist Pocket Handbook, (3) Committeeman Pocket Handbook, and (4) Sheriffs Pocket Handbook to empower the People.

Only through a proper education in Common Law and its history can the People realize that “We the People” have been providentially entrusted via Natural Law to dispense justice and were provided legal recourse to address the criminal conduct of the Judiciary and our Representatives. The Common Law Grand Jury being the Sureties of the Peace having the unbridled right by law and in law to empanel their own grand juries and present True Bills of information, indictments and presentments to a Court of Justice which is then required to commence a criminal proceeding under Natural Law. The tyrant federal judges already understand this and fear the People finding out as we nail it to their doors. And, as Israel marched around the walls of Jericho and shouted on the seventh day the walls fell and

³³ **Declaration of Independence:** We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.–That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed.

Israel took the city; so are “We the People” with the continuous filing of papers that shout the truth of their sedition will continue until the deep state collapses, being their proverbial wall, and the People rush in to reclaim their Courts of Justice, by God’s will. As Mahatma Gandhi said and demonstrated “*First they ignore you, then they laugh at you, then they fight you, then you win.*”

Presently the Federal Judiciary is maintaining the status quo. These traitorous judges prevent all cases against government agents and major corporations from being heard by shutting them down, covering up the few that get through and silencing those who bring them. These judges get away with their acts of terror against all who dare to challenge the status quo, because they are protected by a network of criminals in High Places, herein the preverbal “wall,” within our federal agencies including the United States Supreme Court, both houses of Congress and pre 2017-Executive Administrations.

In opposition to the Federal Judiciary’s subversive acts the Common Law Grand Jury is already organized and filing papers, revealing its tyranny. The Common Law Grand Jury is comprised of fifty Grand Jurys each unified amongst the counties within their respective States. All fifty States have unified nationally as an assembly of Thousands of People in the name of We the People to suppress, through our Courts of Justice, subverts both foreign and domestic acting under color of law within our governments. Each State was unified by NLA members visiting 3133 counties [*rural counties were invited to counties nearby*] to present to the People our intent to reinstate Natural Law and reconstitute the Common Law Grand and Petit Jury. The Peoples’ response across the Nation was overwhelming. The Common Law Grand Jury will remain in session until the threat of subversion by enemies both foreign and domestic within our government is routed out and the People take back their courts in every county at the grassroots.

Once the swamp is drained and continuing on our present shoestring budget, success of NLA’s plan may take a year or longer to reinstate the Law in every law court in America. And take back the Committeeman process in every U.S. County. Judicial resistance will fail once they are exposed, find themselves unprotected, and critical mass is met. Critical mass will occur once the Deep State collapses or will occur before the collapse if NLA is properly funded and thereby can advance our success by a year permitting the People to be prepared and take control of our Courts of Law across America within months following the collapse.

THE PLAN:

GRAND JURY ADMINISTRATORS: We will need four Jury Administrators and one paralegal secretary in each county (3133 counties x 5) for a total of 15,700 People working in the State Courts to take back and prevent jury tampering and stacking. These Administrators are to be separate from the Judiciary, taking both an oath to defend and support the Constitution and a vow to nature’s God to proceed with a sense of honor, justice and mercy.

Resistance is expected at every level but once we succeed in the federal court we will take the initiative and sue every State Supreme Court in Federal Court of Record for access to the courts and control of the Jury process. Administrators will be operating in the state courts within their respective county in work spaces already arrogated for such business. The monies to pay salaries and overhead costs are

already appropriated by the County Comptroller to the courts and will just need to be redirected to the new and rightful Jury Administrators.

Considering that the penal code under Title 18 does not apply to the People under Common Law the opening of federal criminal courts should be significantly less than they are today. Nevertheless when a Grand Jury is needed in a federal court the Federal Prosecutors can seek their indictments from Grand Juries already operating in the appropriate county. If an indictment is granted the Administrators of that county will assemble the Petit Jury from the appropriate jurisdiction and orientate them for trial in said Federal Court.

JURY ADMINISTRATORS will be responsible for the orientating of both the Petit and Grand Juries.

- ❖ They will be responsible for seeing that the Juries are not tainted or abused by the officers of the court.
- ❖ They will be the door keepers of the Grand Jury assuring that the People have access.
- ❖ They will act as the investigative body for the Grand Jury and deliver their finding directly to the Grand Jury.
- ❖ They will answer the Juries questions and assist in the writing of Grand Jury decisions. If the answers are unknown the Administrators will have direct access to NLA's legal counsel for assistance in the research for the answer.
- ❖ They will assist the People by arbitrating their complaints against bureaucrats and their peers and if it cannot be settled they will provide for the accuser access to address the Grand Jury, where the assisting Administrator may produce their findings to the Grand Jury also. The Grand Jury being the Sureties of the Peace may choose to arbitrate a solution if both parties are willing or indict for a Petit Jury to decide.
- ❖ If an Administrator breaks their oath or vow the remaining three Administrators will judge the violator and endeavor to restore them. If they cannot restore the violator they can dismiss them and seek a replacement. The dismissed Administrator may seek an appeal to administrators in a neighboring county and if the neighboring county administrators agree with the other three administrators the violator will be permanently discharged. If the neighboring county Administrators disagree with the other three Administrators the accused Administrator will be restored.
- ❖ Additional operating instructions will be addressed in the Administrative handbook and legal advice can be found at NLA.
- ❖ All Administrators will be required to take NLA's two courses in order to be certified for the Administrative position. Additional courses will be required over time and as Administrators are certified at each advancement salaries will be adjusted accordingly. On the Job training is available providing the applicant appropriately progresses in the required courses.

All Administrator applicants that are hired prior to Administrative openings are hired by a private funding source and therefore during that time period work for NLA. During that period applicants will be required to be enrolled and advancing in the qualifying Administrative courses in preparation of that position. In addition applicants will be required to assist NLA District Leaders and Coordinators to recruit and organize their county for Committeeman. Applicant will be working and answering to NLA's National Directors, District Leaders, and State Coordinators.

All NLA paid Administrator applicants will also be required to run for “Committeeman” and fill the vacant positions of Executive County Committee (chair, co-chair, co-chair, treasurer and secretary). The Executive County Committee will be responsible for filling committeeman positions either through election or appointments. Committeeman positions are an unpaid two year term that require about 40 hours a year, interviewing applicants for elective office in the evening meetings start at 7PM to 9PM usually once a week during the primary elections.

COMMITTEEMEN: are nominated for election by **designating petition** & elected at the **primary**.

*Election Law §6-118: The nomination of a candidate **for election** to a party position **to be elected at a primary election** shall be by designating petition:*

Whenever there is no contest(s) for such nominations committeemen are deemed elected at the primary and it’s not necessary to be on the primary ballot. Any Committeeman who is not elected by the People **within their election district** is not an “Elected Committeeman.” To date we have not found an elected committeeman in any state. The chart below shows when the election for Committeemen takes place within their respective states. Some of these states have caucuses where the political party members elect committeemen to party association positions,” they are not “Elected Committeeman.”

TIME FOR FILING PETITION FOR COMMITTEEMAN CHART BY STATE

January	February	March	April	May	June
Iowa	Nevada	Alaska	Kansas	Maryland	Indiana
New Hampshire	Colorado	Minnesota	Wyoming	Wisconsin	North
South Carolina	Missouri	Maine	Alabama	Connecticut	Carolina
Florida	Arizona	Michigan	Hawaii	Delaware	West Virginia
	March	Washington	Mississippi	New York	Nebraska

	Ohio	Oklahoma	Missouri		Arkansas
	Tennessee	Vermont	Illinois		Kentucky
	Virginia		Louisiana		Texas
					California

					New Jersey
					New Mexico
					South Dakota
					Utah

To take control of the committeeman process we need only 4 to 5 People to take executive positions in each county. Whereas the Administrators will hold these positions for the first two years and then pass it on to others. Although we cannot financially compensate People for this position it is NOT a conflict of interest for a person to hold both positions. One is “private employment, whereas Jury Administrators are not government employees and the other position is an unpaid political position and both positions seek only to apply the Law of the Land, one in the courts the other in the political realm.

There are 174,252 election districts in America thereby 248,504 committeemen are needed. Many of these positions are already unlawfully filled by appointment. Once the Elected Committeemen take executive leadership control and dismiss the old guard. The elected executive leadership can then lawfully appoint many of the People already filling these positions as long as they agree to take an oath, vow, and NLA required courses. We can then teach them to become elected committeemen.

POINT IN VIEW, “if the Committeeman is ignorant of the Law of the Land how can (s)he judge the qualifications of the candidates he would be interviewing for elective office? Furthermore, if one can’t understand the subject of their oath how can they take one?”

RECAPPING DUTIES OF THE “ELECTED COMMITTEEMEN”

- ❖ Committeemen are the guardians of our Liberty,
- ❖ Committeemen interview candidates for appointment on the primary ballot,
- ❖ Committeemen require that candidates know the Constitution,
- ❖ Committeemen can prevent unconstitutional legislation,
- ❖ Committeemen have the power to recall politicians in bad behavior,
- ❖ Committeemen guard over the Election by witnessing the hand counting of the votes,
- ❖ Committeemen are the guardians of our Republic, the consentors of the People,
- ❖ Committeemen can eliminate unconstitutional legislation.

POLITICS: Once We the People rightfully and lawfully take back control of our courts and political process, dirty politicking can be eradicated by simply restraining elected and appointed servants with the chains of the Constitution.

There is no place in a lawful Republic for our duly elected representatives appeasing special interest groups and private associations in receipt of money by supplanting the will of their constituents and replacing it with the will of special interest groups, that would be a bribe, crime, and a violation of their oath, placing them in bad behavior and in jeopardy of impeachment, recall, and or indictment which would result in removal from elective office. Likewise, when an elected official supplants the will of their constituents by replacing it with the will of a private party association in order to serve the status quo this too would place them in bad behavior and in jeopardy of impeachment, recall, and or indictment that would result in removal from elective office.

We defined Congresses’ vested power in Article I section 8 and Congresses’ restrictions in Article I section 9 and the Bill of Rights. Anything beyond this is without authority and thereby null and void. Congress has no authority to debate our God given unalienable rights such as replacing Law and Equity with civil law; denial of God’s Law through religious expression by elected representatives; denial of the Peoples unalienable right for redress of grievances; denial of the Peoples unalienable right to bear military grade assault weapons and side arms necessary to protect ourselves from tyrants; denial of the Peoples unalienable right of due process; denial of the Peoples unalienable right of trial by an impartial, untainted, free, and independent jury; denial of the Peoples unalienable right of Common Law; etc.

People are free to express their beliefs even if those beliefs are unconstitutional. But if said individual runs for elective office and takes an oath to “Support and Defend the Constitution for the United States of America” they are to place their ant-constitutional opinions aside. They cannot in their official capacity support and defend such anti-constitutional positions in public or on the floors of Congress, to do so would be a violation of their oath and place them in jeopardy of impeachment, recall, and or indictment that would result in removal from elective office.

TIMING: In order to take back the political process in 2021 we must have a bare minimum of at least five People in every state in both parties properly elected to take lawful control of the party in every state. To accomplish this, candidates for Committeeman must file their designating petition on time. Four States require filing in January, nineteen in February, ten in March, seven in April, ten in May, and six in June, see “Time for filing Petition for Committeeman Chart by State above.”

RESISTANCE: The de facto state executive committee. a/k/a “Members of the County Committee” from a town, as previously stated above, are in fact members of a private political party association, not “Elected Committeemen,” who have under color of law seized control of the Committeeman process in all Fifty States will not relinquish power so easily.

Said de facto state executive committee party members have a stronghold on State judges, who will unjustly maintain the status quo. Therefore we will need to bring the issue into a Federal Court of Record against all fifty states, for constitutional causes, for an order to obey the Law of the Land concerning the lawful election of Committeemen and their unalienable right secured by the N.Y.S. Constitution Article I Bill of Rights Section 1, protected under Article IV Section 1 Full faith and credit clause, which states that; “No member of this state shall be disfranchised, or deprived of any of the rights secured to any citizen thereof ... to elect persons to party positions for any political party or parties in any unit of representation of the state from which such candidates or persons are nominated or elected.”

Therefore before we can open a Court of Record in the Federal Court to secure the Peoples’ unalienable right to have “Government by Consent” via the Committeeman elections we must first have our Natural Law Courts open, restored and unrestrained in the Federal District Courts, which will occur after the Deep State collapses and critical mass is met. We anticipate that this will be accomplished within the next few months. This will give the People a full year to secure their unalienable right to have “Government by Consent” in a Federal Court of Record by 2021 when the elected People take their rightful seat as “elected Committeemen.”

IN CONCLUSION: Proper funding will allow for the reclaiming of our Heritage by grassroots control of our courts by achieving critical mass before the collapse of the Deep State, thus allowing People to be organized to respond to the Committeeman elections in all States by 2021, as opposed to some states, potentially placing us at risk of not achieving grassroots political control until 2023. Likewise critical mass before the collapse will allow We the People to be poised to take full control of our courts in all fifty states many months earlier and perhaps as long as a year earlier.

Therefore, organizing, assembling and educating 15,717 people who are working full time jobs to support their families with minimum part time effort could take a year. Whereas, organizing, assembling and educating 15,717 people employed to achieve that goal, can do so in just a few months, potentially before critical mass, thereby placing People in position of achieving grassroots control of both the courts and political process in 2020.

REBUILD WEBSITE – National Liberty Alliance’s website is presently sufficient to serve our needs. But once we take back our Republic a more robust integrated web site will be required in order to fulfill our goal of government by consent of the People. Presently our existing site facilitates an education, national organization, and communications for the grass roots at the county and election district level.

Whereas, National Liberty Alliance’s website will play an enormous role in eliminating dirty politics and the need for enormous amounts of money for people to run for

office, eliminating a lot of corruption. NLA will provide the populous with all the information necessary to know what political positions are being filled each election year. NLA will provide a place where all candidates supported by the Committeemen can give a 500 word essay explaining why People should vote for them with a link to their website for more information from the candidate. NLA will not permit any unfounded negative attacks between the candidates, thus eliminating dirty politics.

People can come to NLA's web site using their zip code and address to find their election district. Once they find their election district the site will populate all political positions being filled that year that are up for election in their election district, along with all the candidates and their political positions and views so that they can make a more informed decision concerning each of the candidates.

Additionally People will be able to click on any political office hyperlink and be informed of the jurisdiction, duties and powers each political office holds, along with all office appointments made by the bureaucrat that occupy that office, and the jurisdiction, duty and powers held by the appointed bureaucrats. Finally NLA will provide a real civics and constitutional courses for the People and a higher education if desired, thereby providing a suitable education necessary to have a true Republic by the consent of the People.
