
Your State Your County Committee of Safety

RESOLUTION

We the People of **Your** County hereby certify that on _____, in the year of our Lord 20__ **Your** County Committee of Safety assembled and adopted these resolutions by We the People of **Your** County in order to secure the union, preserve justice, ensure domestic tranquility, restore the Militia, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity. And has been duly chronicled in the Minutes Book of said Committee of Safety.

This Resolution may be updated to add to or alter and titled “Updated Resolution of **Your** State, **Your** County Committee of Safety” and filed with the Secretary. Whereas a chronological record of all resolutions is to be maintained in the CCOS’ minute record book.

National Liberty Alliance will assist and advise only when asked and will never interfere with the issues effecting a County Committee of Safety unless asked. NLA is only assisting in the development of CCOS’s in all 3,134 Counties in order to save our Republic by exercising our unalienable right of “GOVERNMENT BY CONSENT” via CCOS.

Whereas, We the People, via the Declaration of Independence, being the Foundation of the Law of the Land, covenanted with God to be under the blessings of His Law. Holding the following truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed.

Whereas, We the People Assembled and Formed the **Your** County Committee of Safety, as did our founding fathers, in order to exercise our Unalienable Right of GOVERNMENT BY CONSENT to bring our elected and appointed servants back under the will of We the Sovereign People.

Members of the County Committee are the “Free and Independent Committeemen of the said County” and does not support or belongs to any political party. Unlike the enslaved statutory committeemen governed and controlled by party bosses there is no limit to the number of People who would like to join the Committee of Safety and exercise their unalienable right of GOVERNMENT BY CONSENT.

Committeemen should, but are not required, remove their party affiliation recorded with their Board of Elections. By registering without a party affiliation thereby allowing us to walk designating petitions for the Primary Elections for any defacto party to place

45 Statesmen on the ballot for the General Election in any party. If the State election law does not allow unaffiliated party registrants to walk said designating petitions, then the County Committeemen should register as Republicans until we can change the law in the respective states. The “Political Committee” is responsible for researching the law concerning the walking of designating petitions.

RESOLVED THAT: The following sub committees are hereby formed under the General Committee as follows:

POLITICAL COMMITTEE

170

This committee has a Chairman and a Co-Chairman and other members. This committee is responsible for receiving, contacting, and communicating with individuals interested in filling political positions and report back to the General Committee candidates that are worthy of our support. Whereas, the entire CCOS is the “True non-statutory Committeeman” to place these candidates onto the ballot by walking designating petitions, go to <https://www.nationallibertyalliance.org/handbooks> for more details on this process and download the “COS Committeeman Handbook.” A Natural Law Republic, such as the “United States” cannot survive the continuance of political parties that are “private associations” initiated by BAR Attorneys and designed to be controlled by “party bosses.” As President George Washington in his farewell address put it, “Parties lead to despotism, serve to organize division, ruin public liberty, kindle animosity of one part against another, put in the place of the delegated will of the nation, the will of the party elite, undermine the Constitution which could not be directly overthrown, distract the public councils and enfeeble the public administration, drive the spirit of revenge, and opens the door to foreign influence and corruption, thus the policy and the will of one country will be subjected to the policy and will of another, Washington concluded, “parties are truly your worst enemy.” Committees of Safety can overtake and replace the statutory-committeeman and end the private party associations that have been destroying our Republic since its inception.

175

180

185

This Committee is responsible for working with the “Political Committees” of other counties to organize meetings to interview candidates in shared political subdivisions, they are; • State district committee, • US Congressional District Committee, • Assembly

190 District Committee, • County District Committee, • Town/City District Committees, and
• Village District Committee

JUDICIARY COMMITTEE

195 This committee has a Chairman and a Co-Chairman and other members. This
committee is responsible for filling Jury Administrative positions whenever there is a
vacancy. Each county needs four Jury Administrators and one paralegal secretary who is
also an Administrator. These are paid positions and require special training. NLA will
provide that training and certification. These Administrators will work together in every
200 county to restore the Law of the Land by resurrecting common law and common law rules
in our courts.

This Committee is responsible for assisting People with problems with bureaucrats or
legal matters. This committee is made up of the Five Trained Jury Administrators who
will advise other committees on legal matters. NLA will assist and advised when asked.

205 This Committee is responsible for attend the general monthly meeting to give an
account and/or legal advice. The General Committee will be responsible to judge any
charges made by other Administrators against an Administrator who violates their oath
for consideration of removal from their position.

MILITIA COMMITTEE

210 This committee has a Chairman and a Co-Chairman and other members. This
committee is responsible for restoring the organized and unorganized militia within their
respective counties, it is the duty of this committee to participate in a state wide meeting
215 with all County Militia Committees at least once a year. We should look for existing
militias within your counties to invite them to join, work with, and help the CCOS in this
endeavor.

This committee should instruct all members in their duty as part of the militia. For
more information see “Militia Codes Rules and Resolutions Handbook” found at
220 www.nationallibertyalliance.org/handbooks. We should also look to x-military and law
enforcement for assistance in organizing and training. For information and instructions
contact NLA’s Militia Director who will assist with solving problems, legal challenges, etc.
It is extremely important for county militias to be corresponding with other county militia
committees and plan a coordinated yearly state wide event on Independence Day. John
225 Adams said, “*The Forth Day of July 1776, will be the most memorable Epoch, in the
History of America.—I am apt to believe that it will be celebrated, by succeeding
Generations, as the great anniversary Festival. It ought to be commemorated, as the
Day of Deliverance by solemn Acts of Devotion to God Almighty. It ought to be
solemnized with Pomp and Parade, with Shews, Games, Sports, Guns, Bells, Bonfires*”

230 *and Illuminations from one End of this Continent to the other from this Time forward*
235 *forever more.”*

OTHER COMMITTEES AS DETERMINED BY THE GENERAL COMMITTEE

235 **GENERAL MEETING PROTOCOL**

- CALL TO ORDER
- BIBLE READING (chapter) is strongly suggested in opposed to a prayer if for no other reason to build faith and morality. God said Romans 10:17 *“Faith cometh by hearing, and hearing by the word of God.”* And if we expect His blessings, we need to acknowledge Him and lift Him up. It is suggested to pick a gospel and read through it one chapter at a time and over time read through all four gospels. Or just choose a chapter anywhere in the Bible that you feel will help people build their faith. America needs to know God and ask for His blessings and protection

- 255

260 **BE IT FURTHER RESOLVED THAT**, these are the Committeeman rules for all committees, additional committee rules may be proposed and voted on by the *“General Committee.”* It is the responsibility of the County Secretary to make sure that all committeemen receive a copy of this Resolution. And it is the responsibility of each committeeman to have a copy of the constitution. The purpose of rules is to organize and bring order to the committee and not to impose power or control over committeemen. These rules may be amended at any time by majority vote when a quorum is present. The Washington Gate Keeper clause 1909 NY Election Law §21 *“No organization or association of citizens for the election of city [town or village] officers [town committeemen] shall be deemed a political party ...”* prevented political parties from seizing power as the Committeeman.

honor their oath.
 - All political candidates including the Sheriff are required to take the Court Access
and the Common Law Course found at [www.nationallibertyalliance.org/court-
320 access-common-law-course](http://www.nationallibertyalliance.org/court-access-common-law-course) in order to be an acceptable candidate worthy of our
support. It is imperative that all candidates know the Constitution, Common Law,
and understand Due Process, without which they would be unqualified to
represent us. A certificate of completion will be issued to those who have completed
the course. This course is free for Sheriffs and their deputies and it is up to the
Committeemen to require it in order to put them on the ballot.
 - All political candidates are to understand that should they error by any action while

 - The committeemen must act with the highest integrity and expect the same by the
elected officials and only then will we have an honest governing body in
345 Washington D. C. and our state capitols.
 - Each General Committee shall organize a campaign to educate all the county
residents of the “*County CCOS Committeeman*” process, the constitution,
common law and its importance to the Republic.

- 350 • Every polling site should be manned by at least one committeeman during the election. Arrangements should be made between all the committeemen at the last meeting before the election within the ward or town.
