~ WRIT MANDAMUS ~

**COPIED**  
**PRESIDENT TRUMP, SECRETARY POMPEO**  
**& ATTORNEY GEN BARR**

*“The Conventions of a number of the States, having at the time of their adopting the Constitution, expressed a desire, in order to prevent misconstruction or abuse of its powers, that further declaratory and restrictive clauses should be added: And as extending the ground of public confidence in the Government, will best ensure the beneficent ends of its institution.”<sup>2</sup>*

Any elected or appointed individual vested with constitutional powers, after being bound by oath to support, preserve, protect, and defend the declared and restrictive clauses of our Constitution for the United States and who uses their elective office to engage in overt political speech that War’s against our “God given Natural Law Liberties” being the Supreme Authority,<sup>3</sup> with the intent to “*incite others to revolt against the laws of nature’s God,*”<sup>4</sup> thereby overthrowing our unalienable Bill of Rights, is guilty of insurrection,<sup>5</sup> a traitor<sup>6</sup> to We the People,<sup>7</sup> and is guilty of high treason<sup>8</sup> against a Sovereign People.<sup>9</sup> Said elected or appointed individuals are in violation of their oath.

<sup>1</sup> **"A Court of Record** is a judicial tribunal having attributes and exercising functions independently of the person of the magistrate designated generally to hold it, and proceeding according to the course of common law, its acts and proceedings being enrolled for a perpetual memorial." Jones v. Jones, 188 Mo.App. 220, 175 S.W. 227, 229; Ex parte Gladhill, 8 Metc. Mass., 171, per Shaw, C.J. See, also, Ledwith v. Rosalsky, 244 N.Y. 406, 155 N.E. 688, 689.

<sup>2</sup> **The Preamble to the Bill of Rights.**

<sup>3</sup> **Article VI Clause 2:** This Constitution, and the laws of the United States which shall be made in pursuance thereof; and all treaties made, or which shall be made, under the authority of the United States, shall be the supreme law of the land; and the judges in every state shall be bound thereby, anything in the Constitution or laws of any State to the contrary notwithstanding.

<sup>4</sup> **18 U.S. Code § 2383 Rebellion or insurrection:** Whoever incites, sets on foot, assists, or engages in any rebellion or insurrection against the authority of the United States [We the Sovereign People who ordained the law] or the laws [*Bill of Rights*] thereof, or gives aid or comfort thereto, shall be fined under this title or imprisoned not more than ten years, or both; and shall be incapable of holding any office under the United States.

<sup>5</sup> **Insurrection:** Organized opposition to authority; a conflict in which one faction tries to wrest control from another

Sadly, many from the Democratic Party overtly and some Republicans covertly have succumb to Marxism<sup>10</sup> that embraces the abolition of private property ownership which is irreconcilable with a “Common Law<sup>11</sup> Republic”<sup>12</sup> which is the “*Law of the Land*” that embraces ownership of one’s own body, land, and unalienable rights attached to the same. Thus, placing We the People and our Republic in jeopardy.

Democrats and Republicans in House and the Senate protected by their Deep State and given cover by its mockingbird media have placed us in a quandary that neither the House nor the Senate can resolve.

<sup>10</sup> **Marxism:** The economic and political theories of Karl Marx and Friedrich Engels that hold that human actions and institutions are economically determined and that class struggle is needed to create historical change and that capitalism will ultimately be superseded by communism which is a form of socialism that abolishes private ownership.

<sup>11</sup> **Declaration of Independence:** When in the Course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

<sup>12</sup> **Article VI Section 4:** The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence.

Therefore, only the People can resolve this problem, for “*it is the right of We the People, it is our duty, to throw off such Government, and to provide new Guards*”<sup>13</sup> for our safety.

Amendment XIV Section 3 provides one constitutional solution where we read:

*“No person shall be a Senator or Representative in Congress, or elector of President and Vice-President, or hold any office, civil or military, under the United States, or under any State, who, having previously taken an oath, as a member of Congress, or as an officer of the United States, or as a member of any State legislature, or as an executive or judicial officer of any State, to support the Constitution of the United States, shall have engaged in insurrection or rebellion against the same, or given aid or comfort to the enemies thereof.”*

These political Marxist parasites orchestrated by a small group of cunning, ambitious, and unprincipled men have subverted the power of the people and usurped for themselves the reins of government. They exploit our liberties to undermine our Constitution, they obstruct the execution of our laws, they work with all combinations and associations under whatever plausible character with the real design to direct, control, counteract, or awe the regular deliberation and action of the constituted authorities, they put in the place of the delegated will of the nation the will of a small but artful and enterprising minority to make the public administration the mirror of their ill-concerted and incompatible schemes of their secret society, rather than the organ of consistent and wholesome plans digested by common counsels and modified by mutual interests. They serve to organize faction; to give it an artificial and extraordinary force.

This is an invasion where the enemy is hiding in plain sight. These subverters must be removed from office before they collapse our Constitutional political system. USC 18 § 2382 requires that we first make known the aforesaid to some judge. We the People herein are making known to the United States Supreme Court for the removal from office of these subverters in violation of Amendment XIV Section 3. If you fail to act to save our Republic, we will consider the US Supreme Court Justices co-conspirers giving aid and comfort to the following [partial] list of subverters and We the People will perform our duty via indictments for all enemies within our Federal Government.

Norman Paul Dodd was a banker/bank manager, worked as a financial advisor, and served as chief investigator in 1953 for the Special Committee on Tax Exempt Foundations (commonly referred to as the Reece Committee), which was chaired by U. S. Congressman B. Carroll Reece. Dodd was known primarily for his investigation into tax-exempt foundations. His investigative work implicated the Carnegie Endowment for International Peace, Ford Foundation, and the Rockefeller Foundation, among others were intentionally campaigning to involve the United States in such wars as World War I and that they also sought ways to warp American teaching of history through explicit control of the education system in the United States. Rene Wormser, the legal counsel to the Reece Committee, wrote in his 1958 book on the subject, "It is difficult for the public to understand that some of the great foundations which have done so much for us in some fields have acted tragically against the public interest in others, but the facts are there for the unprejudiced to recognize."

# **FORTY FIVE COMMUNIST GOALS AS READ INTO THE CONGRESSIONAL RECORD, 1963**

*Congressional Record—Appendix, pp. A34-A35, January 10, 1963*

Current Communist Goals extension of remarks of Hon. A. S. Herlong, Jr. of Florida in the House of Representatives.

Mr. Herlong: Mr. Speaker, Mrs. Patricia Nordman of De Land, Fla., is an ardent and articulate opponent of communism, and until recently published the De Land Courier, which she dedicated to the purpose of alerting the public to the dangers of communism in America.

At Mrs. Nordman's request, I include in the RECORD, under unanimous consent, the following "Current Communist Goals," which she identifies as an excerpt from "The Naked Communist," by Cleon Skousen. [From "The Naked Communist," by Cleon Skousen]

## **CURRENT COMMUNIST GOALS**

- 1) 1. U.S. acceptance of coexistence as the only alternative to atomic war.
- 2) U.S. willingness to capitulate in preference to engaging in atomic war.
- 3) Develop the illusion that total disarmament [by] the United States would be a demonstration of moral strength.
- 4) Permit free trade between all nations regardless of Communist affiliation and regardless of whether or not items could be used for war.
- 5) Extension of long-term loans to Russia and Soviet satellites.
- 6) Provide American aid to all nations regardless of Communist domination.
- 7) Grant recognition of Red China. Admission of Red China to the U.N.
- 8) Set up East and West Germany as separate states in spite of Khrushchev's promise in 1955 to settle the German question by free elections under supervision of the U.N.
- 9) Prolong the conferences to ban atomic tests because the United States has agreed to suspend tests as long as negotiations are in progress.
- 10) Allow all Soviet satellites individual representation in the U.N.
- 11) Promote the U.N. as the only hope for mankind. If its charter is rewritten, demand that it be set up as a one-world government with its own independent armed forces. (Some Communist leaders believe the world can be taken over as easily by the U.N. as by Moscow. Sometimes these two centers compete with each other as they are now doing in the Congo.)
- 12) Resist any attempt to outlaw the Communist Party.
- 13) Do away with all loyalty oaths.
- 14) Continue giving Russia access to the U.S. Patent Office.
- 15) Capture one or both of the political parties in the United States.
- 16) Use technical decisions of the courts to weaken basic American institutions by claiming their activities violate civil rights.
- 17) Get control of the schools. Use them as transmission belts for socialism and current Communist propaganda. Soften the curriculum. Get control of teachers' associations. Put the party line in textbooks.
- 18) Gain control of all student newspapers.
- 19) Use student riots to foment public protests against programs or organizations which are under Communist attack.
- 20) Infiltrate the press. Get control of book-review assignments, editorial writing, policymaking positions.

- 21) Gain control of key positions in radio, TV, and motion pictures.
- 22) Continue discrediting American culture by degrading all forms of artistic expression. An American Communist cell was told to “eliminate all good sculpture from parks and buildings, substitute shapeless, awkward and meaningless forms.”
- 23) Control art critics and directors of art museums. “Our plan is to promote ugliness, repulsive, meaningless art.”
- 24) Eliminate all laws governing obscenity by calling them “censorship” and a violation of free speech and free press.
- 25) Break down cultural standards of morality by promoting pornography and obscenity in books, magazines, motion pictures, radio, and TV.
- 26) Present homosexuality, degeneracy and promiscuity as “normal, natural, healthy.”
- 27) Infiltrate the churches and replace revealed religion with “social” religion. Discredit the Bible and emphasize the need for intellectual maturity which does not need a “religious crutch.”
- 28) Eliminate prayer or any phase of religious expression in the schools on the ground that it violates the principle of “separation of church and state.”
- 29) Discredit the American Constitution by calling it inadequate, old-fashioned, out of step with modern needs, a hindrance to cooperation between nations on a worldwide basis.
- 30) Discredit the American Founding Fathers. Present them as selfish aristocrats who had no concern for the “common man.”
- 31) Belittle all forms of American culture and discourage the teaching of American history on the ground that it was only a minor part of the “big picture.” Give more emphasis to Russian history since the Communists took over.
- 32) Support any socialist movement to give centralized control over any part of the culture—education, social agencies, welfare programs, mental health clinics, etc.
- 33) Eliminate all laws or procedures which interfere with the operation of the Communist apparatus.
- 34) Eliminate the House Committee on Un-American Activities.
- 35) Discredit and eventually dismantle the FBI.
- 36) Infiltrate and gain control of more unions.
- 37) Infiltrate and gain control of big business.
- 38) Transfer some of the powers of arrest from the police to social agencies. Treat all behavioral problems as psychiatric disorders which no one but psychiatrists can understand [or treat].
- 39) Dominate the psychiatric profession and use mental health laws as a means of gaining coercive control over those who oppose Communist goals.
- 40) Discredit the family as an institution. Encourage promiscuity and easy divorce.
- 41) Emphasize the need to raise children away from the negative influence of parents. Attribute prejudices, mental blocks and retarding of children to suppressive influence of parents.
- 42) Create the impression that violence and insurrection are legitimate aspects of the American tradition; that students and special-interest groups should rise up and use [“]united force[“] to solve economic, political or social problems.
- 43) Overthrow all colonial governments before native populations are ready for self-government.
- 44) Internationalize the Panama Canal.
- 45) Repeal the Connally reservation so the United States cannot prevent the World Court
